

Gorelem

Gorelem is a German heavy rock, power trio. Their primary influences include the musical genres of stoner/sludge and heavy rock and roll.

Gorelem was formed in the year 2013 in Berlin Germany as a guitar/drum duo. Ralle played guitar and vocals, while Marcus played drums. Karsten "Wheelz" Bensch joined later, on bass guitar, to form the current classic power trio lineup.

They have shared the stage with bands such as Gong (Bristol, UK), Treedeon (Berlin, DE) and the thrash metal cult band Necronomicon (DE).

In May 2015, Gorelem recorded their (all analog) premiere EP at Big Snuff studios in Berlin. Big Snuff is the same studio where famous bands including Kadavar and The Oath recorded.

Gorelem are:

Ralle Krawall – Voc/Git

Karsten "Wheelz" Bensch – Bass

Natus Crane – Drums
